If your patient's employer pays for all or part of their benefits, the patient has certain appeal rights under ERISA. VSP requests that you communicate this information to your patients upon denial of a claim or service for which the patient would be financially responsible.
An appeal of a denied claim must be filed within 180 days of this notification. An ERISA patient may obtain copies of all documents, records, and other information relevant to their appeal, free-of-charge. Once all mandatory appeals have been completed, ERISA patients may have other voluntary alternative dispute resolution options. Your patient may refer to their Evidence of Coverage or Standard Plan Description, contact their local U.S. Department of Labor Office or their State Insurance regulatory agency to find out what is available. Under ERISA Section 502(a)(i)(B), the patient has the right to bring a civil action. This right can be exercised when all required reviews of their claim have been made and the patient disagrees with the outcome.

Our goal is to make the claims process quick, accurate and simple for your office. Should you need to correct a claim, we want to help. For assistance, please contact our Provider Service's Support line at: 1-800-615-1883 (Monday through Friday, 5 a.m. to 8 p.m. PST, Saturday and Sunday, 7 a.m. to 8 p.m. PST), or write to: VSP, P.O. Box 997100, Sacramento, CA 95899.

To ensure proper handling, please contact us within 180 days of this notice and remember to include the original claim number, as found on this Remittance Advice, in box 22 of any resubmitted CMS-1500 claim form (formerly known as the HCFA-1500 claim form). Additional claim correction options and appeal instructions are outlined in VSP's Provider Reference Manual.
